What is the gaeltacht?

The gaeltacht is a welcoming community of language learners committed to the preservation and growth of the Irish language in North America.

What do you do?

The gaeltacht offers opportunities to learn the Irish language and engage with the rich heritage of Irish culture. Our flagship event is our Summer Immersion Program, which offers learners a week of Irish language instruction each August.

Where is it?

The gaeltacht's physical home is in Tamworth, Ontario, where we host our immersion week, but there are opportunities for online learning and community throughout the year.
